

Perfect Imperfect Pets

July 2016

As in the human world where situations change the normal appearance, function and behavior so be it true in the animal world. These animals are totally at the mercy of kind souls to accept and commit to their disabilities and offering of a special forever home. Please meet our perfect imperfect pets that are waiting for their perfect imperfect homes.

Cutie Pie is an 8 lb Chihuahua/Yorkie mix who was mauled by a dog and sustained a punctured lung and five broken ribs. Then it was discovered she was heartworm positive and has since completed her treatments. Cutie Pie was born with a deformed back foot that does not slow her down for a minute. She has personality plus, requires a fenced yard, her adoption fee is \$150 to be used towards her medical expenses of \$800 plus.

Bugsy is a 3 to 4 year old small Terrier mix was found in a parking lot in severe pain and suffering from a protruding injured eye. He was abandoned and left helpless. It was necessary to surgically remove Bugsy's eye. He is such a sweet boy, gets along well with dogs and cats and has good house manners. Bugsy requires a fenced yard. His adoption fee is \$150 to be used towards his medical expenses of \$625

Bonnie a senior Walker Coonhound had passed her prime and no longer needed for hunting and producing. Bonnie's feet were swollen and painful as she barely walked to a safe refuge. She had a large pendulum mammillary tumor and at least another eight smaller tumors. The tumors will be removed and she will be spayed. Bonnie may require further treatment. Bonnie does not do well with cats.

He's already trained, with no personality surprises for you,
and he needs your love. **Adopt a Mature Pet**

Reba is a 14 year old female Beagle surrendered to the shelter by her family. Although it is so very sad to witness seniors coming into the shelter being frightened, confused and abandoned in Reba's case she was fortunate as it was evident she has suffered many years of neglect, poor quality food, hair loss from flea allergies and other parasites, blind in one eye. Reba is friendly and needs attention. A foster home is needed for her to be loved and comfortable for her remaining time. Must have fenced yard.
